Technical Skills

Cloud: AWS EC2, IAM, S3, VPC, CloudWatch, CloudFront; Microsoft Azure
Systems: Windows, Linux, macOS, System Administration, Troubleshooting
Networking: TCP/IP, DNS, DHCP, VPN, Firewalls
Tools: Git

Experience

IT Support Intern - King Abdulaziz University Hospital
Jul 2023 - Sep 2023 | 200-hour internship

- Reimaged PCs using the hospital's network-based deployment process and joined workstations to the hospital domain.
- Upgraded workstation hardware by installing RAM and replacing HDDs with SSDs.
- Troubleshot standard and barcode printers, resolving driver, connectivity, and application configuration issues.
- Installed departmental software and resolved Microsoft Office file association issues for hospital staff.

Projects

AWS Cloud Lab Deployment
Aug 2025

- Deployed a three-tier web application environment using AWS EC2, S3, and CloudFront.
- Configured IAM policies and permissions using identity and access management principles.
- Implemented automated storage and backup management using S3 lifecycle rules.

Personal Portfolio & Blog Infrastructure
Jun 2025 - Jul 2025

- Developed and deployed a personal portfolio website and technical blog.
- Configured domain, DNS, hosting, and website deployment infrastructure.
- Configured custom-domain email hosting with Zoho Mail, including MX, SPF, DKIM, and DMARC DNS records.
- Website: sultanops.com
